TRUTH: Faith changes things. That's easy to say, harder to believe, and even harder to put into practice. But when we activate the power of our faith, we have the ability to shift both the natural and supernatural.

PEOPLE:

- . In your own words, how does faith work?
- . How have you witnessed the power of your words - for better or worse?
- . Do you find praying difficult or easy? What are some ways that you pray specifically and full of power?
- . What are some things you learned from the message that can help build a stronger faith? How can you apply that to your life this week?

PRAYER:

- Thank God for everybody's journey of faith and where they are currently at.
- Take time praying for each other in unlocking the power of your faith.
